

# Venture No-Pull Harness

- Durable and dirt-repellent 100% PES surface fabric
- Waterproof 2mm neoprene padding
- Breathable 100% PES 3D mesh lining
- Bright 3M reflector piping, luminous intensity 500cd/(lx.m<sup>2</sup>)
- Front metal leash ring
- Durable, 100% nylon quick-snap buckles, adjusters and straps
- Stainless steel metal components
- Harness tensile strength is lab tested to meet or exceed SFS-EN ISO 13934-1 standard (SGS)
- Harness materials are tested to be safe, non-toxic, and compliant with STANDARD 100 by OEKO-TEX®.

Some dogs need a little extra help learning leash behaviour and that can be challenging for dogs and dog owners. The Venture No-Pull Harness can lend a gentle hand. Built with strain-relief in mind, this thoughtfully designed harness helps to minimise strain when your dog pulls away by gently restricting the force of the pull and redirecting your dog's movement toward the leash.

The top section of the harness also features a rugged loop handle that offers even more control of your dog when needed. Praise and rewards, such as a treat when your dog stops or slows down, can also help with teaching leash behaviour.

The Venture No-Pull Harness is suitable for daily walks and weekend adventures and it's perfect for active and mobile dogs and dog owners. Two snap buckles on the adjustable chest section offer easy on-off wearability. There is also additional adjustability at the neckline to ensure a snug fit across a variety of breeds and sizes. Plus there is a tag for you to write your contact info inside the harness in the event you leave the harness behind on an adventure.

Thanks to its comfort, adjustability and enhanced features, the Hurtta Venture No-Pull Harness has everything dogs and dog owners want and need in a harness – and more.

## Adjustability

Adjustable at least 20% on neck and chest

## Weatherproofness

Water column at least 10 000 mm

## Durability

Tensile strength at least 6 times the weight of the recommended breed

## Visibility

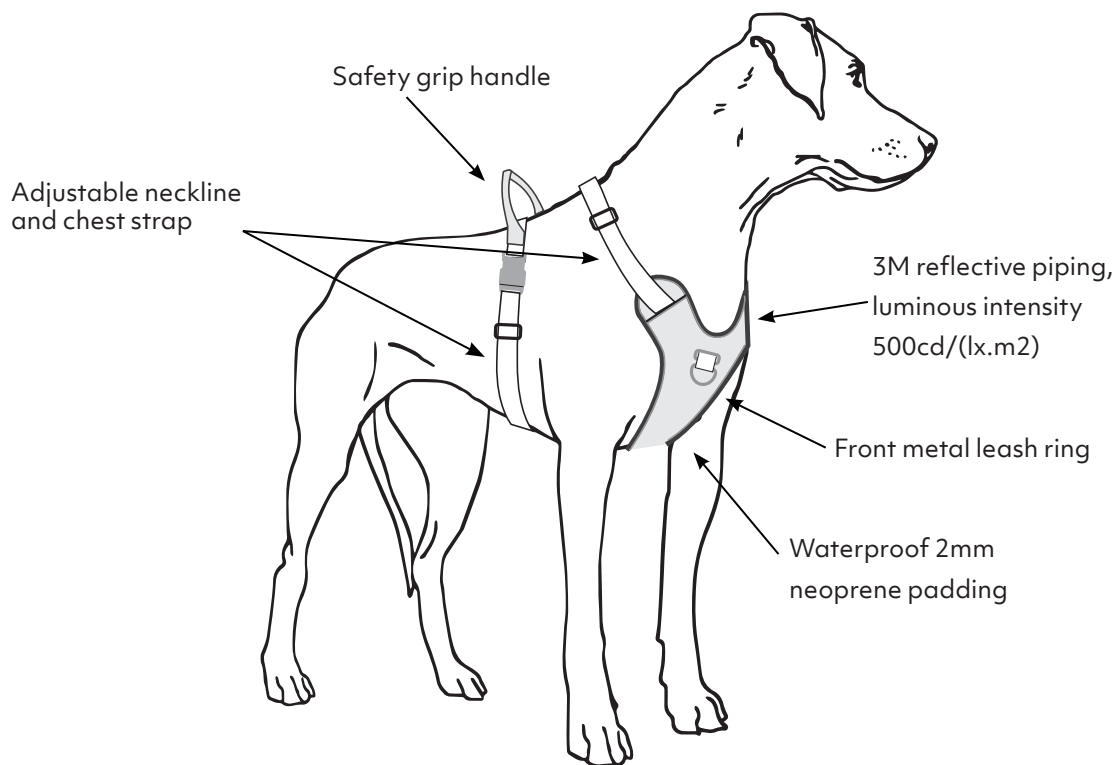

Luminous intensity of reflectors is 400-500 lx/m<sup>2</sup>
